The Community

The Cornerstone community is over 1,100 acres in size and is currently home to approx. 1,400 homes, complimented by completed and future amenities for your family to enjoy.

Cornerstone has been the top selling community in Calgary's Northeast for four years. It is ideally located, nestled inside of Stoney Trail to the East and along either side of Country Hills Blvd. The area offers a wide array of already completed local amenities for the family including four large parks, a wetland area, a storm pond and three playgrounds. As Cornerstone will be Calgary's largest community, careful consideration has been given to accessibility with 5 major access points, making it easy for people to come and go. Quick access to Stoney Trail and Country Hills ensures residents can also access major regional amenities like Crossiron Mills, Cardel Rec Centre and Deerfoot City, and major service hubs like Peter Lougheed Hospital and the Calgary International Airport.

As the Cornerstone community grows, so too will the number and quality of local amenities. At completion, Cornerstone will feature all the shops, services, schools and recreation areas that its residents desire.
